

Geneva Conventions

End the Occupation

If we're going to insist that Iraq follow Geneva Conventions, we should insist that Israel do the same.

“The occupying power shall not deport or transfer parts of its own civilian population into the territory it occupies.” (Article 49, Fourth Geneva Convention, 1949).

Israel must dismantle all the settlements that have been constructed in the West Bank and Gaza since 1967. If you can bulldoze down a Palestinian home that's been there for 500 years, you can bulldoze down an Israeli apartment building that's been there 35 years.
